We are Australia's top specialists in worldwide motorhome rentals. We'll help you choose the ideal motorhome from the best suppliers at the best price.

Which option for your self-drive adventure is a car or a motorhome? Each choice has pros and cons, and we've researched to make your decision easier.

	Car	Motorhome
Creature Comforts	With a car, comfort depends on the model, and space is quite limited. Long journeys can be a bit cramped, especially if you're traveling with others.	A motorhome, on the other hand, offers a spacious living area with dedicated sleeping quarters, a bathroom, and a comfortable dining space. It's like bringing your home with you on the road, making those long drives much more pleasant.
Food & Cooking	In a car, you're mostly relying on restaurants or fast food for meals or making do with a portable cooler. Cooking options are minimal, which can get inconvenient.	Motorhomes come with fully equipped kitchens, including a stove, fridge, and sink. You can cook up your favourite meals on the go, save money on dining out, and enjoy the flexibility of eating whenever and wherever you like.
Freedom & Flexibility	A car gives you the freedom to explore, but you're often tied to finding hotels or motels, and meals are dependent on what's nearby. Your journey might involve more planning and frequent stops.	With a motorhome, the world is your oyster! You can park up at a motorhome park or campsite, stay in beautiful locations, and have all the amenities you need right there. This means more spontaneous stops and less worry about finding accommodation or restaurants.
Meeting People	Socializing in a car is limited to interactions at hotels, restaurants, or attractions. It can be more challenging to connect with fellow travellers.	Motorhome parks and campsites are fantastic for meeting other travellers. You'll find a friendly community of like-minded adventurers, which can add an extra layer of fun and camaraderie to your trip.
Travelling with Kids	Traveling with kids in a car can be a bit of a squeeze. Space is tight, and frequent stops can be tiring. Plus, you need to pack extra gear and manage all the logistics of accommodation.	A motorhome is a game changer for families. It offers plenty of space for kids to stretch out, play, and sleep comfortably. With built-in facilities, you have everything you need to make the journey smooth and enjoyable for everyone.

Advice from the experts

At DriveAway, we offer more than just vehicle hire we provide a complete travel experience. That's the **DriveAway difference!**

Here's what you need to know:

Pre-paid

One of the benefits of booking with DriveAway is the ability to pay in local currency, Australian Dollars (AUD).

International Driving Permit (IDP)

An IDP proves that you hold a valid driver's licence from your home country when the IDP is issued. We recommend carrying an IDP along with your domestic driver's licence, as it may be required or strongly advised in some countries and by some suppliers.

Security Bond

When picking up a car, you must present a valid credit card in the main driver's name. The rental company will hold a security bond in case of collision or theft. Prepaid cash or travel cards are not accepted, and debit cards are accepted only upon request.

Fuel Policy

The most common fuel policy is 'full to full,' where you collect and return the car with a full tank. Alternatively, you can opt for pre-paid fuel, pay for a full tank upfront, and return the car as empty as possible. Note that there is no refund for unused fuel.
